

Legislature
Opens At Noon
To Deal With
Pa. Problems

By MARTIN BRACKBILL

Harrisburg, Jan. 7 (AP)—The Pennsylvania General Assembly, under firm Republican rule, began its first postwar session today, faced with demands for increased teachers' salaries, expanded state services and an indicated need for higher state taxes.

The gavel dropped in the House promptly at noon signaling opening of the session. The gavel in the Senate fell at the same moment.

Baskets of vari-colored flowers stood high on the desks of Representatives and Senators in the ornate Legislative chambers for the opening day ceremonies of the session, expected to extend until late spring. Both Houses were crowded with state officials and visitors.

An hour earlier at 11 a. m. Rep. Norman Wood (R-Lancaster) oldest member of the House in point of service, had dropped the traditional gavel there and announced convening of the 137th regular session at noon.

Plan Joint Session

Wood began his 25th year as a member of the House. At his side at the ceremony was Rep. Harry P. O'Neill (D-Lackawanna) a 20-year member.

The Republican-controlled Legislature started off its 137th biennial proceedings with the swearing in of new or re-elected lawmakers and the election of its presiding officers as well as standing officials.

It also planned a joint session at 3 p. m. to receive from Governor John C. Bell, Jr., the final message of U. S. Senator Edward Martin, who resigned as the state's chief executive last week to take his seat in Congress.

But action on such matters as teacher salaries, the bonus and new taxes which Governor-elect James H. Duff has announced will be needed to finance them and other expanded state services was put off until after the incoming Governor's inauguration.

Seek Short Session

Bell, former lieutenant-governor, is running the state government until Duff takes office.

"We are aiming for a short, business-like session and I see nothing now that will prevent that," declared Rep. Herbert P. Sorg (R-Elk), Republican House leader, with a similar view coming from Sen. Weldon B. Heyburn, GOP majority leader on the Senate side.

Caucuses of both Republican Senators and Representatives—the party has its biggest majorities since the advent of the New Deal—already are pledged to carry out the Republican platform and the campaign pledges of Duff.

The top-heavy division in the Senate was 34-16 and the House 168-38—with one House seat vacant.

SEEK NURSE TO TAKE TRAINING FOR RED CROSS

What the Adams county chapter of the American Red Cross today characterized as "a much-needed community service" awaits only the services of a registered nurse willing to take a short training course and later conduct classes in home nursing in the county, but the Red Cross thus far has been unable to find the nurse.

"This is an emergency need," said Miss Margaret McMillan, executive secretary of the Red Cross chapter, in appealing for the services of a nurse. "The Red Cross has a streamlined, intensive program to teach the essentials of home nursing. The National Red Cross will pay the entire expenses of training a registered nurse. We hope we can find someone qualified to take this position."

Two Courses Planned

A six-day training course will be held at Uniontown beginning January 15. All expenses of the nurse taking this course will be paid. After completing it, the nurse-teacher will be expected to teach classes in Adams county, two of which probably would be held in Gettysburg and at least three others elsewhere during the year. Five classes are planned for the year, if a nurse can be obtained. The nurse will be paid a salary and mileage while teaching. It can be a part-time job, Miss McMillan said.

The Red Cross chapter secretary pointed to overcrowded hospital conditions which necessitate sending patients home in a shorter length of time than might be the usual procedure as one of the reasons for a home nursing course.

"It is essential that there should be someone in each home who knows at least the fundamentals of nursing," she said.

The proposed home-nursing course consists of six two-hour lessons in which are taught those nursing procedures most frequently used in giving simple nursing care to the sick at home, Miss McMillan said. A second unit, mother and baby care and family health, can be taught following completion of the first course, she said.

Good Evening

Gettysburg had a 1946 building boom in spite of shortages.

BOARD ORDERS
NEW EQUIPMENT
AT PLAYGROUND

Gettysburg's youngsters will have more equipment with which to play when the local playground opens this coming summer.

That decision was reached Monday afternoon by the local Recreation board when it met in the First National bank building to reorganize for the coming year and lay its plans for the coming season.

Elmer W. Warren was named president for a second term, M. P. Hartzell was selected as secretary for a fifth term and Ralph Z. Oyer was re-elected treasurer.

New Attendance Record

The board decided to purchase, provided they can be delivered, a set of eight swings to add to the equipment already at the playground and either a combination outfit or a new Jungle Jim, depending on which is available. The combination equipment studied by the board includes ladders, flying rings, trapeze bars, horizontal bars, a climbing pole, and a climbing ladder. Secretary Hartzell was directed to write the companies selling the equipment to determine the cost and the availability of the equipment and then to arrange for the purchase.

A new daily high in attendance was set during the past year with 362 children taking advantage of the playground's facilities on one day, the annual report presented by Supervisor Fred P. Haehnlen disclosed. Attendance at the 10-week session was said by Haehnlen to be 8,475, just 29 short of the all-time record of attendance. Rain and wet grounds forced cancellation of 27 sessions and five sessions were cancelled because of V-J and July 4 activities the report disclosed. Average attendance per week was 847.5 children and the attendance per session (morning, afternoon or evening) was 546.

Plan Drive for Funds

Swings, slides, see-saw, softball, volleyball and horseshoes were the most popular activities among the youngsters, Haehnlen's report disclosed. Project work which in previous years proved very popular was dropped in midseason when a survey showed the youngsters were little interested in the projects.

The board also voted to purchase equipment for touch football, a new sport to be added at the playground this year, and decided to mow the grass over the entire playground area including the softball diamond. To stimulate interest in basketball the board decided to secure, if possible, two additional backboards and baskets for the playground and to purchase additional outdoor basketballs. They also planned to grade the surface of the outdoor basketball court there.

Another financial drive will be held next spring to raise funds for the purchase of new equipment for the grounds, the board decided. President Warren was directed to attend the meeting of town council to report on the year's activities and to ask for the usual sum of \$500 for the hiring of supervisors at the playground. He appeared before council later in the evening. The request for the \$500 was placed in the hands of the finance committee.

'Ag' Teachers Of Two Counties To Organize

The agricultural education teachers of Adams and Franklin counties will formally organize at the first scheduled meeting for the two-county group to be held here Thursday evening.

With a ladies' night scheduled, the ag teachers and their ladies will meet at 6:30 o'clock at The Terrace for a dinner and then the men will adjourn to the Gettysburg high school for their session while the ladies will meet with Mrs. Richard C. Lighter, Buford avenue.

Among the business scheduled for the session is the election of officers, discussion of plans for the year and completion of arrangements for participation in a radio program to be held by the FFA chapters of Adams, Franklin and Fulton counties over Radio Station WCHA, Chambersburg alternate Fridays from 1:15 to 1:30 p. m. The first program in the series was given last Friday by Franklin county FFA students.

B. AND L. TREASURER

In the article in Monday's edition of The Gettysburg Times concerning the stockholders' meeting of the Gettysburg Building and Loan association the name of Morris W. Stansbury was inadvertently omitted as a member of the board of directors. Mr. Stansbury was elected a director of the concern, as well as being chosen treasurer, a position he has held for twenty-three years.

FIREMEN TO MEET

The newly-elected officers of the Gettysburg Fire company will take over their duties for 1947 at the January meeting of the company to be held Wednesday evening at 7:30 o'clock.

HENRY W. GARVIN
HEADS CC AGAIN

Henry W. Garvin was re-elected president of the Chamber of Commerce for his third term in this position, at the organization meeting of the Chamber in its offices in the Kadel building Monday night.

George M. Zerfing was re-elected vice president; Ralph Z. Oyer, treasurer and Mrs. Helen L. Snyder, secretary.

Tentative plans for a membership drive to be held in the near future were discussed, but no definite action taken.

The Chamber extended its thanks to all persons who contributed to the Christmas lighting fund. Mrs. Snyder reported that contributions had been generous, with good response from the merchants. Thanks were also extended to John D. Teefer for his efforts in obtaining a generator to supply current for the Christmas lights during the dimout at the time of the coal strike.

'UNAUTHORIZED' LAW PRACTICE ROTARY TOPIC

While pointing out that those who take advice from non-lawyers on matters of law "make much business for lawyers who are called in to straighten out the difficulties that usually arise," Attorney Edward B. Bulleit asserted that "the general public would save money in the long run by consulting lawyers first instead of later in matters pertaining to the law."

Speaking at the regular meeting of the Rotary club Monday evening at the YWCA, the local lawyer outlined the realm in which lawyers operate and the "shadowy area wherein accountants, justices of the peace, bankers, real estate men and lawyers all operate."

Speaking on "The Unauthorized Practice of Law," Bulleit asserted that "there are areas in which non-lawyers operate almost as lawyers legally, but most of them, recognizing the line where a matter becomes something for a lawyer to handle, are more than careful to call for the services of an attorney even before they reach the point where there is danger of unauthorized practice of law."

Difficult To Define

No exact definition has ever been given of a lawyer's duties, he pointed out. Some definitions include, "An attorney instructs and advises on legal matters, prepares documents involving a knowledge of law beyond the ken of the client before man and represents his client before a court." All such definitions are far from exact, he added. Courts have, for example, held that a person not a lawyer could represent someone in filing a fictitious name and have held that a person not a lawyer could not draw up articles of partnership, Bulleit added.

1946 BUILDING
IN GETTYSBURG
OVER \$500,000

Building permits issued in Gettysburg during 1946 broke a 20-year record, according to the annual report of Burgess C. A. Heiges, submitted to the borough council at its regular meeting Monday night at the engine house.

Eighty-one permits, with an estimated value of \$547,700, were issued during the year, the Burgess reported. He said the amount was three times higher than the highest previous year in the last two decades.

Fines and permits also hit a new high, according to Heiges, with \$12,529.05 collected during the year, including \$455 for the 81 building permits.

Gives 1946 Report

The collections topped the previous 20-year high by \$1,129.05, and were \$7,829.05 more than the lowest year of the past 20 years, the Burgess told council.

A recap of the amounts collected during the year for permits issued shows the following: building permits, \$455; garbage collection permits, \$75; guide licenses, \$17; peddler permits, \$110; roller permits (rental of borough roller) \$131; shows, circuses, dances, \$176.29; theatre tax, \$7,418.73; sewer permits, \$18; digging permits, \$2,443.03.

The following amounts were reported collected in fines during 1946: Meter violations, \$1,552; parking over white line, \$11; parking opposite red line, \$34; double parking, \$59; parking on sidewalk, \$2; parking in alleys, \$9; obstructing traffic, \$4; parking over drive, \$1; parking on wrong side of the street, \$5; parking too far from curb, \$7; parking in restricted areas, \$1, a total of \$1,685.

Meters Brought In \$19,997

The report for the month of December showed the following: building permits, \$31; sewer permits, 75 cents; roller permits, \$89; theatres, \$656.96; digging permits, \$2,387.03; meter violations, \$121; opposite red line, \$3; too far from curb, \$1; total, \$3,289.74.

Total borough receipts for the year were \$79,590.52, according to the report of John H. Basehore, borough treasurer. He received \$13,610.30 from the Burgess; \$34,967.94 in taxes, \$19,997.41 from meters, and \$11,014.94 miscellaneous. There was a balance in the treasury at the end of December of \$40,628.31.

Meter collections for December were \$1,683.25, divided as follows: Baltimore street, \$417.85; Chambersburg street, \$416.54; Center Square, \$369.81; York street, \$337.02; Carlisle street, \$142.03. Totals for the year were: Center Square, \$5,149.80; Baltimore street, \$4,709.66; York street, \$3,528.48; Chambersburg street, \$4,290.42; Carlisle street, \$2,324.05.

Seminary Grad To Serve In Woodsboro

The Rev. Raymond C. Myers, who has resigned as assistant pastor of the Evangelical Lutheran church, Frederick, to accept a call to the Woodsboro Lutheran parish, preached Sunday for the last time as assistant pastor of the church.

The Rev. Mr. Myers, a Baltimorean and graduate of Western Maryland college, went to Frederick March 15, 1945, having been graduated the previous month from the Lutheran Theological seminary at Gettysburg. His pastorate in Frederick will terminate January 15, on which day he will assume his new duties.

Outlook For 1947

E. W. Thomas Sees Unusual Opportunities For Service Opening For Banks This Year

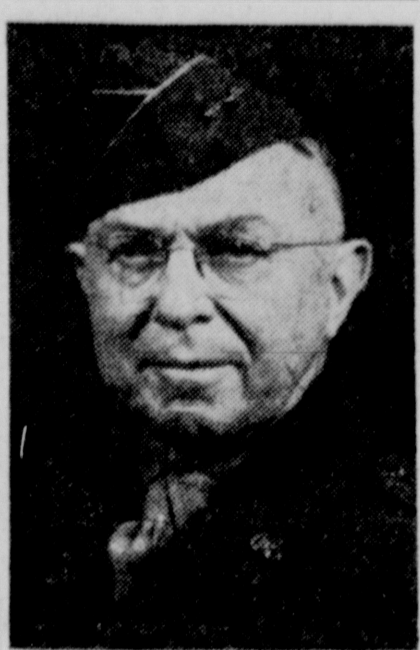

"Nineteen forty-seven will provide unusual opportunities for banks to render indispensable service to others," Edmund W. Thomas, president of the First National bank of Gettysburg and the Pennsylvania Bankers association, declared today.

"Our banks were never as strong, or as well equipped to serve the credit and other needs of their communities as they are today," the bank head added.

Declaring that "forecasts and prognostications are sometimes dangerous and frequently ill-advised," Mr. Thomas noted that "Nothing is more certain than the fact that banking will occupy a frontline position in any advance that our civilization makes. Agriculture will need banking, industry will need banking, science will need banking. Every progressive effort made in the na-

To Speak Here

Maj. Gen. M. C. Strayer, director of tuberculosis control for Pennsylvania and chief medical officer of the Military Government for Germany in 1945 and part of 1946, will be the speaker Wednesday evening at the meeting of the Adams County Medical society, to be held at the Hotel Gettysburg. Doctors from throughout this section have been invited to join the county group for the meeting.

SCOUT PROGRAM
UP FOR REVIEW
IN BENDERSVILLE

A review of the Boy Scout program will be one of the features of the regular meeting of the Bendersville Fire company to be held Wednesday evening at 7:30 o'clock in the Bendersville community hall.

Parker L. Kuntz, newly elected president of the organization, announced today the general public and the Boy Scouts are invited to attend the session as well as the members of the fire company.

Snead Cliff, local scout field executive, will speak on the Boy Scout movement and will show a motion picture, the "Scouting Trail to Citizenship."

Troop Reorganizing

Bendersville's scout troop is re-organizing. Mr. Kuntz said, and while the troop has been very strong, it has been without adult leadership since June. Members of the committee have secured two assistant scoutmasters for the troop and are seeking a scoutmaster.

A short business meeting will precede the general session. In addition to the scouting program four reels of moving pictures entitled "Safari on Wheels" will be shown by Clyde Orner. The picture covers a journey of 11,000 miles through the heart of Africa from Algiers through the Sahara desert and along the east coast of Africa via the Belgian Congo to Nairobi, Kenya Colony.

The showing of the pictures is in line with the company's policy of providing special entertainment at the winter meetings when the business to be discussed is at a minimum, officers of the fire company said.

Following the programs refreshments will be served. All firemen are urged to attend.

ATTORNEY APPOINTED

Attorney Edward B. Bulleit has been appointed a member of the Adams county Law Library committee, according to a certificate filed in the prothonotary's office at the court house. The appointment was made by Judge W. C. Sheely. Mr. Bulleit succeeds the late John P. Butt.

ADAMS ELECTRIC
TO HOLD ANNUAL
MEET SATURDAY

The Adams Electric Cooperative Inc., will hold its seventh annual meeting Saturday afternoon at 1 o'clock in Gettysburg high school. More than 400 of the 3,800 members of the organization are expected to attend the session.

R. N. Benjamin, Harrisburg, state Farm Bureau Cooperative executive, and William Grove, Washington, D. C., chief of the management division for Region 1 of the Rural Electrification Administration, are among the speakers tentatively scheduled for Saturday's meeting.

Top motion to be voted upon at the meeting will be a proposal to increase the limit of indebtedness of the organization from \$1,500,000 to \$5,000,000. Officials of the organization pointed out today that the proposed top limit does not mean that the cooperative is planning immediate expansion, but the proposal is being suggested by the directors so that if there is a need to borrow additional money in the future the organization will be legally able to do so. The proposal will mean a change in the charter of the cooperative provided it is accepted by 50 per cent of the membership at Saturday's session. Voting both by proxy and in person will be permitted.

To Name 9 Directors

Nine directors will be named for the coming year. Present directors include A. C. Keefe, McKnightstown; Carl Black, Gardners R. D.; and Howard Schwartz, Littlestown R. D., from Adams county; J. C. Jumper, Newville R. D., and W. G. Hentzel, Newburg R. D., from Cumberland county; Edmund Kann, Shippensburg, Franklin county, and Elmer Lauer, Dover R. D.; Henry Miller, Broadbecks, and Charles Hildebrand, all from York county.

President Schwartz will preside at the meeting. Reports will be made by Treasurer Keefe, and Secretary Kann. Daniel E. Teeter is attorney for the cooperative. C. A. Cluck, manager of the cooperative will also present a report at the session.

The officers will be elected at a reorganization meeting of the board to be held later.

Rapid Growth

The cooperative increased its membership from 3,100 to 3,800 during the last year and increased its miles of line from 1,100 to 1,225, officers said today. Organized in 1940 and at that time confined to Adams county alone, the organization started building lines in February, 1941. The first substation was opened May 3, 1941, and the first customer received current on that date. The organization has spread in York, Franklin and Cumberland counties in addition to Adams county. Its first loan was for \$500,000 to be repaid with interest to the federal government in 35 years.

The cooperative is entirely owned and operated by the members here and is not a government project. The government only lends money to the cooperative at interest and both interest and principal must be repaid, he added.

JIM GEISELMAN GETS CITATION

Pharmacist's mate, 1st class, James Harry Geiselman, son of Mr. and Mrs. Wilbur A. Geiselman, Baltimore street, has been notified that he has received the Navy Unit Commendation awarded Cruiser Division Twelve, his family learned today.

The young sailor, who left Gettysburg high school at the age of 17 to enlist in the Navy and who fought in nine engagements in World War II, is now on a 90-day terminal leave after serving for six years.

He and his wife, a former Wave, and their daughter are now living in York. Eight of the battles in which he took part were in the Pacific and the ninth was the landing at Casablanca in Africa.

The Navy Unit Citation given all members of the USS Cleveland, USS Columbia, USS Montpelier and USS Denver stated that "On 3 September, 1946, the Secretary of the Navy awarded Cruiser Division Twelve the Navy unit commendation for outstanding heroism displayed by the crews of the vessels forming Cruiser Division Twelve in action against enemy Japanese combatant ships off Empress Augusta Bay the night of November 1-2, and the hostile air attack of the morning of November 2, 1943." Geiselman was a member of that division in November, 1943.

Lions Receive Two
Members Monday

The Gettysburg Lions club added two members at its first 1947 meeting Monday evening at the Shetter House with Jack Cessna, member of the Gettysburg high school faculty, as the guest speaker. Cessna's topic was "Ultra-violet Light and Fluorescence." He described the nature and effects of ultra-violet light, constructed a fluorescent tube and showed the clubmen the fluorescent properties of many types of materials.

New members who received their pins from President Milton R. Remmel were Glenn Little, proprietor of Little's cabs here, and the Rev. Dr. Dwight F. Putman, pastor of College Lutheran church and a former member of the club.

A joint meeting of the directors and the finance and automobile committees was held after the club session.

DEADLINE N EAR ON 2ND ANNUAL PHOTO EXHIBIT

A display advertisement in today's issue of The Gettysburg Times reminds amateur photographers that Saturday at 2:30 p. m. is the deadline for the entry of pictures in the second annual Adams County Photographic Exhibit to be held from January 24 to February 2, inclusive.

All entries must be received by closing time Saturday afternoon at the Gettysburg National bank where the show will be conducted under the joint sponsorship of the Gettysburg Photographic society and the bank.

Members of the photographic society will judge the entries Sunday and the prize-winning prints will be included in a show catalog which is to be ready for distribution when the show opens January 24. Names of the exhibitors whose prints are included in the prize lists will not be disclosed until the show is opened to the public.

The exhibit is open to anyone who lives, works or is a student in Adams county or Emmitsburg. Pictures entered in the show must have been taken by the exhibitor.

Prints To Be Returned

Rules for the show require that black and white or other monochrome prints may not be smaller than 5 to 7 inches or larger than 16 to 20 inches and may be mounted or unmounted. If mounted, the overall measurements may not be larger than 16 by 20 inches.

Color prints will be accepted in any size and will be judged separately.

There is no limit to the number of prints entered by any exhibitor but each must bear on the reverse side the name and address of the exhibitor. All entries will be returned to the exhibitors after the show.

The members of the Gettysburg Photographic society will not enter prints in competition with the general public but will set up a separate display of their own photographs.

Officials in charge of the contest said today every indication points to a "bigger and better" show than was conducted here with marked success early in 1946 by the same sponsors.

Police File Charge Against Local Man

As the result of a collision on Chambersburg street near Washington street at 5:55 p. m. Monday, borough police have filed a charge of following too close to another vehicle against Vernon Waldo Hill, 211 North Stratton street. A ten-day notice will be mailed by Justice of the Peace Robert P. Snyder.

A truck owned by the Cumber-Moore company, Wilmington, N. C., and driven by Hill ran into the rear of an automobile operated by Donald C. Reel, 250 Buford avenue, according to the report made by Borough Police Officer Charles W. Culp, Jr., who filed the information with Squire Snyder. Damage to Reel's automobile was estimated at \$35. No one was injured.

List Donations To Library In December

The following list of persons who contributed books or magazines to the Adams County Free Library during December has been announced by Miss Kathryn Oller, the librarian:

Dr. H. C. Allen, O. H. Benson, Alan Bish, Frank N. Britcher, Mrs. Clifford H. Bucher, Mrs. Jesse Clapp, Mrs. W. A. Corbett, S. B. Johnston, Oscar Kinneman, J. H. Knickerbocker, Mrs. E. S. Lewars, Leont George school, Donald P. McPherson, a New Oxford donation, Helen Pfeiffer, three children from Gettysburg listed only as Rex, Heane and Lois, Mrs. A. E. Rollins, Mrs. Henry M. Scharf, C. O. Schweizer, Mrs. Kenneth L. Smoke, Mervin Spangler, Charles T. Vance and Miss Irene Wolfe.

COUNCIL PASSES
NEW ORDINANCE
ON REMOVAL OF
SNOW IN TOWN

Borough council at its regular meeting Monday night at the engine house adopted a new "snow" ordinance, which requires property owners or occupants to remove snow, hail, sleet or ice from their sidewalks within 12 hours, or face arrest and a fine of \$10 and costs upon conviction.

The ordinance also provides that walks not cleared of snow by owner or occupant of the property will be cleaned by the borough, and the charge made a lien against the property. The charge will be \$3 an hour for the time it takes, with a \$2 minimum, plus ten per cent.

Council referred to Borough Solicitor Eugene V. Bulleit for investigation of the street lighting contract, a schedule submitted by the Metropolitan Edison company which placed the cost of installing 21 additional street lights and lighting them for a year at \$477.07. Members of council said they did not believe the borough had ever paid for installation of lights before.

Urge Parking Changes

Recommendations of Borough Engineer LeRoy H. Winebrenner for having parking limited to one side of the street on Steinwehr avenue and half hour parking within the metered areas between 2 a. m. and 6 a. m. were referred to the safety committee. The Steinwehr avenue parking rule was also proposed by Councilman C. L. Butt.

Both Butt and Winebrenner said that parking on both sides of Steinwehr avenue created a serious traffic hazard. Winebrenner asked for the half-hour parking in the metered area because he said cars parked all night hinder removal of snow and street sweeping.

Council voted salary increases to Winebrenner and to Harry Turner, highway department foreman and truck driver. Winebrenner's salary was increased from \$150 a month to \$200, and Turner's from \$145 to \$155.

Pay For Equipment

Council ordered payment to be made of \$1,350 for a new truck purchased recently at Letenkenny and \$1,329.50 for a new tractor, and \$600 for the two emergency pumps furnished by the government during the war. One of the pumps will be sold by the borough for \$300.

Bill were directed sent to the First National bank, Mitchell's restaurant and P. W. Stallsmith for repairs to the sidewalk on Center Square made by the borough. Council received notice from the Mathieson Alkali company of an increase in the price of chlorine for water purification from seven and a quarter cents a (Please Turn to Page 5)

LEGION BACKING NATIONAL GUARD

A resolution strongly endorsing the formation of a cavalry troop of the Pennsylvania National Guard here and "tendering all possible assistance and encouragement" was adopted Monday evening at the regular meeting of the Albert J. Lentz post of the American Legion.

The resolution, adopted as presented by Lawrence M. Sheads, recommended "that the men of Adams county, particularly those who have not had military training, become members of this troop." The resolution pointed out that the Lentz post "believes it necessary that this country be prepared for any emergency and that the National Guard furnishes an opportunity for training and for preparedness."

The first formal meeting of the drum corps being organized by members of the local Legion post will be held Thursday night at 7:30 o'clock at the post home, Charles Fridinger reported.

Twenty-one applications for membership were approved, one member was reinstated and one transferred. A card of thanks for a \$50 donation to the "Christmas Gifts for Yanks Who Gave" was received by the post from the state Legion department. The Christmas gifts were sent to disabled veterans. Eighty-six members attended with Commander Edward Culp presiding.

SEES REAL HOPE OF FULL FUTURE DISARMAMENT

By DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

President Truman's message to Congress gives us a succinct answer to one of the burning questions of the day:—When will it be possible to achieve at least partial disarmament and so reduce the mountainous expenditures for the maintenance of a vast fighting machine?

The Chief Executive says the United States will be willing to lead in collective (emphasis on the "collective") disarmament—when a system of collective security under the United Nations has been established. But, he adds, until such a system becomes a reality we must not again allow our weakness to invite attack. That's right along the line of language used by Bernard Baruch last week-end in his letter to the President, resigning from the U. N. Atomic energy Commission. Mr. Baruch admonished the country not to give up the secrets of the A-bomb or to halt their manufacture until a treaty for their control has been made effective.

Nobody Can Say
In short, Uncle Sam can't put his shooting-irons aside until the other fellows do—and until the United Nations are in position to guarantee security.

And when will that be? Well? The President doesn't say—in fact, nobody can say—but he does declare that "if we continue to work with the other nations of the world earnestly, patiently and wisely, we can—granting a will for peace on the part of our neighbors—make a lasting peace for the world." However, for the time being the position is this—to quote the President:

"We live in a world in which strength on the part of peace-loving nations is still the greatest deterrent to aggression."

That line has a double punch when one stops to consider that the United States is the only nation which could muster almost unlimited war-strength quickly. There are only three great powers left—America, Russia and Britain—and the latter two are too exhausted from the last war to make another major effort quickly—not too exhausted to put up a big fight, mind you, but not prepared for total war. Thus we see that Uncle Sam is the chief gendarme of peace for the moment.

No Alternative
There wouldn't have been a second World War if England and France, seeing that the league of nations was impotent, had been militarily prepared. Hitler struck because he had a powerful army and recognized the weakness of the other European powers. If he hadn't sensed the situation earlier, he certainly got the tip-off at Munich when he had the other nations working overtime to appease him.

There's no alternative to keeping girded for action until our new peace organization is a going concern. This means that we must sink in armaments billions which we should like to devote to other pursuits. To a lot of folk that seems like pouring wealth down the sink-drain, but it isn't. It is insurance against disaster—a safety-device.

The advent of the atomic bomb and the other fearsome developments of the second World War have brought the world back to consideration of complete disarmament. Undoubtedly it will have to be achieved by stages, but there now is real hope that it may be approximated.

Pitzer-Teeter Wedding Is Told

Bertha Jane Teeter, daughter of Mr. and Mrs. John D. Teeter, 230 Springs avenue, and David Pitzer, son of H. Earl Pitzer, Aspers, were married last August 3 in Oxford, N. C. It was learned today.

The young couple is residing in an apartment on West Middle street while Mr. Pitzer is attending Gettysburg college. The bride is a graduate of Gettysburg high school with the class of 1946 and last fall entered Bridgewater college, Bridgewater, Va. The bridegroom was a football player at Biglerville high school where he graduated last year.

Engagement

Smiley—Fissel

Mr. and Mrs. Alfred Wymer, of Biglerville R. 2, have announced the engagement of their daughter, Mildred Fissel, to George P. Smiley, son of Mr. and Mrs. G. W. Smiley, of York Springs R. 1.

No date for the wedding has been set.

Weddings

Ecker—Starnier

A quiet but lovely wedding was solemnized recently in Elias Evangelical Lutheran church when Miss Anne Marie Starnier, daughter of Mr. and Mrs. Arthur Starnier, Taneytown, R. 2, became the bride of Kenneth Harrison Ecker, son of Mr. and Mrs. Earl Ecker, of Westminster.

The ceremony was performed in a candlelight setting by the Rev. Philip Bower, pastor of the bride.

The couple was attended by Miss Mary Frances Starnier, sister of the bride.

Mrs. Ecker attended Emmitsburg high school and is now employed at the Taneytown Manufacturing company. Mr. Ecker is employed at the Mohawk Service Station, Baltimore.

Immediately following the ceremony a reception was held at the home of the bride for a few relatives and immediate friends. For the present the couple will reside at the home of the bride.

Hyson—Tyson

Miss Estella G. Tyson, daughter of Mrs. Mary Tyson, Red Lion, and Archibald M. Hyson, son of Mr. and Mrs. Wilson Hyson, Stewartstown R. 3, were married at 4 o'clock Saturday afternoon in the Red Lion Lutheran church. Rev. William C. Day, pastor, performed the double ring ceremony.

Mrs. Hyson is a graduate of Red Lion high school, class of 1938 and Gettysburg college, class of 1942. She has been an English teacher in the Hummelston high school for the past four years. Mr. Hyson graduated from Red Lion high school in 1938, Pennsylvania State college in 1942 with a B.S. degree and the University of Illinois in 1944 with a M.S. degree.

Pfaff—Wildasin

Miss Marion G. Wildasin, daughter of Mr. and Mrs. Murdith J. Wildasin, Hanover, was married Monday morning to Charles H. Pfaff, son of Mr. and Mrs. Gerald L. Pfaff, Sr., Littlestown, at St. Joseph's Catholic church by Rev. Raymond H. Gallagher, assistant rector.

The bride, who was given in marriage by her father, was attended by Miss Salome Pollman, maid of honor; Miss Rita Pollman and Mrs. Paul L. Bunty, sister of the bridegroom, as bridesmaids. William P. Pfaff, brother of the bridegroom, was best man, and Clyde Rohrbaugh and Paul L. Bunty, a brother-in-law of the bridegroom, were ushers.

Attired in a lace gown with a shadow net yoke and deep net collar from which fell a long train, the bride had a finger-tip veil and wore a pearl necklace presented to her by the bridegroom. She carried a white prayer book decorated with a white orchid and a shower of sweetheart roses.

After the nuptials a wedding breakfast was served at the Victory Lunch restaurant. A reception also was given last night by the bridegroom's parents at their home. Afterward the newlyweds started out on a honeymoon to an undisclosed destination.

The bride, a graduate of Hanover high school, class of 1942, is an employee of the Carroll Shoe company. The bridegroom a veteran of 30 months' service, 14 months in Europe, is an employee of the Victory Lunch restaurant. The couple will live in Hanover.

LEGISLATOR IS KILLED BY CAR IN HARRISBURG

Harrisburg, Jan. 7 (AP)—State Representative Harry C. Schlecht (R-Philadelphia), here for the opening of the Pennsylvania General Assembly, was killed early today in an automobile accident.

Chief of Police Oscar L. Blough said Schlecht was struck by a station wagon at the corner of Second and Locust streets in downtown Harrisburg.

Schlecht died at 2:10 a. m., ten minutes after he was admitted to the hospital. Coroner S. J. Roberts said Schlecht suffered a compound fracture of the skull, a fracture of the right leg and head injuries.

Captain of Traffic John L. Hollands said the driver of the station wagon was John B. Weigle, 32, of nearby New Cumberland, who operates a dog food and meat plant in that West Shore borough.

The captain said the legislator was crossing Second street at Locust, from the west side to the east curb, when struck. The Weigle machine was proceeding north at the time of the accident.

Rep. Schlecht's death was the second among members of the Legislature to occur before the opening of the 1947 session. Rep. Peter J. Campbell (R-Philadelphia) died a short time after the November election.

The two deaths reduced the membership of the House to 206 Representatives and made the lineup 168 Republicans and 38 Democrats.

Schlecht's home address was given as 2313 Frankford avenue, Philadelphia.

Clubwomen To Hear Landscape Designer

The Woman's club of Gettysburg will hold its January meeting in the YWCA building Wednesday at 2 o'clock. Mrs. Russell A. Campbell, vice president, will preside. Miss Ruth Koser, of Gettysburg college, will present special piano selections.

Charles Tilton, landscape designer, of Flora Dale, will be the guest speaker. He will give an informal talk on the "Background and Present Day Uses of Landscape Gardening," followed by an informal discussion by members of the club. Mr. Tilton has been in the landscape business for more than 20 years in the areas of New York and Philadelphia. After three years in the Army Air Forces, two of which were spent in the European theater, Mr. Tilton came to Adams county last fall and started in the landscape business at Flora Dale. Mr. Dwight F. Putman, chairman of the Conservation and Gardens department, will introduce the speaker.

Hostesses for the meeting include: Mrs. E. F. Strausbaugh, chairman; Mrs. C. C. Culp, Mrs. Edgar L. Deardorff, Mrs. C. W. Epley, Mrs. R. R. Gresh, Mrs. John Klinefelter, Mrs. Wilbur Plank and Mrs. Paul Thomas.

Co. Fire Marshal Asks For Reports

A plea to fire chiefs in Adams county to fill out and file with him the reports of all fires in the county was made by John Murren, Centennial, county fire marshal, at the quarterly meeting of the Adams County Firemen's association, held Monday night in the fire hall at Aspers. Seventy-five attended the meeting.

Mr. Murren said that fire chiefs had been lax in filing their reports. He said the information was needed to show the amount of damage and monetary loss which has to be reported to Harrisburg.

Eight deaths were reported since the last quarterly meeting of the county association, and \$50 was voted in death benefits to the family of each deceased fireman.

J. Faber Wildasin, Abbottstown, president of the county association, presided. Refreshments were served after the meeting.

Services Tonight In Methodist Church

The third in the series of the annual Week of Prayer union services, which opened Sunday evening, will be held tonight at the Methodist church, with the Rev. Harold V. March, Evangelical United Brethren pastor, as the preacher.

ROCCO IS SHOT FLEEING POLICE

Grand Gorge, N. Y., Jan. 7 (AP)—"They'll never get me alive," Alphonse Rocco swore before he was shot to death in his snowy hilltop hideout near here, after a futile flight following the New Year's Eve "camera" shooting of his former wife in New York city.

Rocco met death last night under an evergreen tree and full moon in Patchin Hollow, as he crouched in a sleeping bag taken from one of the two Catskill mountain farm homes where he gained shelter for nearly 48 hours by brandishing two pistols.

He fired four shots from his German Walther automatic (PA38) as state police and New York city detectives waded through knee-deep snow to surround him. Then Trooper James H. Smith, after shooting at close-range, called:

"Come on out, you skunk!" Rocco could not come out. A bullet from one of the guns fired by Smith, Cpl. Francis Hillfrank and New York City Detective Henry Strauss had struck home. One had smashed his nose and the blood ran like revenge over the crusted snow.

RENT INCREASES PAID

Pittsburgh, Jan. 7 (AP)—More than 3,000 Pittsburgh tenants paid a total of \$16,780 in rent increases last year, according to the OPA regional rent control office.

The rent control body said that 1,825 applications for increases, in most cases amounting to about \$4 to \$5 a month more, were granted and that 3,900 applications were denied.

DICKINSON TO MEET BULLET QUINTET HERE

Dickinson college, who dropped its first game of the season to Rutgers Saturday night 77-65, will be the opponent of the Gettysburg college cagers here Wednesday evening when the Bullets resume their schedule after the holiday lull.

A bright note was added in the Bulletin camp with the announcement that Sam Rockswold, 6-foot, 2-inch center, has become eligible after having scholastic difficulty, and Bobby March, former Gettysburg high star who had been suffering with a throat infection, is ready for action.

Rockswold spent the holidays getting into condition and through a strenuous schedule of workouts succeeded in dropping 20 pounds.

Coach "Hen" Bream has had his squad drilling since last Thursday in an effort to have them in the pink of condition for the highly-regarded Red Devils.

Dickinson scored victories over Susquehanna university and Wittenburg before bowing to Rutgers. The visitors have been sparked on the offense by Francis Noonan, five-foot, five-inch speedster, and Vince Schaefer, six-foot four-inch center.

Paul Bloomingdale's Bullet jayvees will open their season by clashing with the Dickinson reserves in the preliminary game at 7 o'clock.

A large number of the jayvee squad are former Gettysburg high school cagers, many of whom are expected to break into the lineup.

Walcott Winner In Dull Fight

Philadelphia, Jan. 7 (AP)—A short, squat aging slugger named Jersey Joe Walcott was the most likely candidate today to become the next bit of fodder for Heavyweight Champion Joe Louis' cannons—the same Louis for whom Walcott served as sparring partner more than 10 years ago.

The Camden, N. J., Negro who admits to 32 years but probably is closer to 40, earned the dubious honor of a possible spring bout with Louis by winning a dull 10-round decision last night over Joe Maxim of Cleveland, Ohio. The 34-year-old Maxim had beaten Walcott in an unpopular decision last summer.

A crowd of 9,980 who paid \$33.77 to witness the Convention Hall heavyweight scrap, alternately booed and cheered, depending on whether Maxim was willing or unwilling to fight it out with Walcott.

As it turned out, in the only round in which the two slugged it out, Walcott won the edge by a narrow margin. That was the tenth and final round and it was Maxim's do-or-die stanza.

Maroons Host To Mechanicsburg Five

Tonight six teams of the South Pennsylvania Basketball league will see action with Mechanicsburg coming here to battle the Gettysburg high Maroons.

Hanover plays Chambersburg while Carlisle meets Shippensburg on the latter's floor.

Mechanicsburg defeated the alumni 31-28 last Friday evening for its first win after two setbacks. The Maroons have lost four in five starts.

The Wildcats' lineup will probably include Sultberger and Moon, forwards; Walters, center; Sheely and Bowersox, guards. Coach Forney is expected to use Cole and F. Rodgers, forwards; Hess, center; Fair and Westerdahl or Eisenhart, guards.

At 7 o'clock the scrub teams will clash.

Frankie Keath Takes Court Lead

Philadelphia, Jan. 7 (AP)—Frankie Keath of Elizabethtown college was turning the Pennsylvania cage scoring derby into one-man show today with a 59-point lead with nearly one-third of the campaign gone.

The weekly Associated Press survey showed Keath had poured 171 points through the hoops in seven games through last Saturday to take a commanding lead over second place Chet Dembinski of Westminster, who had 112 points in eight contests.

The E-town sharpshooter, thanks to an amazing 43-point scoring spree against Bridgewater last week, also took a big lead in average per game, recording a mark of 24.4 points per game. Second place in that department went to Villanova's Joe Lord with 20.5. Fred Marcincin of Moravian was third with a 19.8 mark.

Besides Keath and Dembinski, Bobby Walters of LaSalle was the only Pennsylvanian to pass the 100-point mark with a total of 105 in nine contests, good for third place in total scoring. Camie was fourth with 98 and Donovan a point behind in fifth place.

Del Ennis Denies Big Salary Demand

Philadelphia, Jan. 7 (AP)—Del Ennis, the 20-year-old Philadelphia Phillies outfielder who was regarded as the 1946 "rookie of the year," is denying a report that he won't play for the Blue Jays this season for less than \$18,000.

Ennis said he hasn't "talked contract" with the Phil management as yet. He reportedly earned \$8,000 last year, which includes a bonus.

GAME WAS NOT TIE
The York Springs high school girls defeated Boiling Springs in a basketball game last Friday evening, 23-22, instead of playing a tie game as previously reported.

Colorado's state flower is the columbine.

HOGAN WORRIES OVER SHOULDER

Los Angeles, Jan. 7 (AP)—Automatic Ben Hogan, coasting to an easy three-stroke win in his first 1947 start, the Los Angeles open, was more concerned today with his ailing shoulder than future golf tournaments.

"I'm heading for a San Antonio clinic right after the Phoenix open at the end of this month," said Hogan after he had breezed in with a 280, four under par for 72 holes over the rugged Riviera layout.

"I can't take much more of this," added the 35-year-old Hershey, Pa., dynamite, explaining that his left shoulder bothered him throughout the four-day tournament.

Toney Penna Second
Second place Toney Penna, Cincinnati, two strokes behind at 54 holes, challenged courageously with a first nine 33 on yesterday's final round, then collapsed to 40 for a 73 and final score of 283.

Ed Oliver, Wilmington, Del., another leader, slipped to 75 and a sixth place 288.

With his nearest competitors fading so obligingly, it was a snap for "Teemman" Hogan to come in with a 72, one over par, and still pick up a stroke on the field.

He also picked up the \$2,000 first money. His 280 was the best 72-hole score ever posted for the open at Riviera, as he duplicated his triumph here in 1942.

21 Fatalities Laid To Football

New York, Jan. 7 (AP)—Football was held directly responsible for 21 fatalities, two of which occurred in college ranks, during the past campaign, according to the 15th annual survey presented today by Dr. Floyd R. Eastwood of Purdue university before the American Football Coaches association and the Football Rules committee of the NCAA.

Dr. Eastwood's recommendation for further safeguarding players by appointing a committee to study the design of headgear coincided with one of the five rule changes asked yesterday by the coaches themselves. The coaches had recommended that wearing apparel of players should be softened wherever possible, pointing out that many injuries had resulted from hard elbow pads, forearm pads and knee braces.

Subject to approval by the NCAA Rules committee and the National Rules committee which meets at Kerrville, Texas, later this month, the 1947 code would provide that the ball be declared dead on a blocked try for extra point.

UP WRESTLING SCHEDULE
Philadelphia, Jan. 7 (AP)—The University of Pennsylvania opens an eight-meet 1947 wrestling schedule Saturday against Lehigh.
With John E. Brennan coaching the Quaker squad for the 21st straight year, Penn will also face Navy, Dartmouth, Princeton, Yale, Columbia, Army and Cornell.

Musial Will Be Guest Of Writers

Philadelphia, Jan. 7 (AP)—Stan Musial, St. Louis Cardinal outfielder and 1946 National league batting king, will be a guest of honor at the Philadelphia Sports Writers association annual dinner here January 30.

William D. (Billy) Murray, coach of the University of Delaware football team which is undefeated in 31 games and Jack Kelly, Jr., U. S. and Canadian sculls rowing titlist, will also attend.

UNKNOWN TAKES BANTAM TITLE

San Francisco, Jan. 7 (AP)—Harold Dade, a relatively unknown 23-year-old 12 to 1 underdog, pounced out a unanimous 15-round decision last night to end little Manuel Ortiz's five year reign as the National Boxing Association's world bantamweight champion.

Ortiz, putting his title on the block for the 16th time, took the lead in the early rounds, but Dade turned in a display of clever boxing that had the champion floundering vainly trying to land swinging punches in the final rounds.

There were no knockdowns, each fighter weighed 117½ pounds.

The California Mexican from El Centro yielded a crown that he had defended against all comers since he won it from Lou Salica in 1942.

Dade, Chicago negro, built up an impressive record as an amateur in the midwest before he entered the Navy during the war. He turned professional after his discharge and had a string of 21 wins in 22 fights.

RUTH SURVIVES HIS OPERATION

New York, Jan. 7 (AP)—Always a tough man to beat in the clinch, Babe Ruth today appeared to have licked temporarily an undisclosed ailment which necessitated a delicate two-hour neck operation yesterday.

At French hospital, where the operation was performed by Dr. Hippolyte Wertheim with a number of other doctors in attendance, the condition of the fabulous home run king was described as "satisfactory," but still serious.

Up to the time he was wheeled into the surgery room for the operation deemed necessary by six specialists to relieve intractable (uncontrollable) neck pain, the Babe was cheery and maintained his bluff ways.

Nurses who have attended Ruth since he entered the hospital November 26 said that he had been a "good patient."

Harry Kiley, director of the hospital, announced yesterday:

"Mr. Ruth was operated on at French hospital at 11:00 a. m. (EST) today. One of the main arteries on the left side of his neck was ligated. Post operative condition satisfactory."

Medical authorities explained "ligated" as meaning that it had been necessary to tie an artery with a ligament.

Hergesheimer Tops Eastern Puck Stars

New York, Jan. 7 (AP)—For the third consecutive week, the Philadelphia Rockets, firmly entrenched in last place in the eastern division of American Hockey League, boast the loop's top point-getter in Captain Phil Hergesheimer. Hergesheimer, now in his 12th active season of pro hockey, garnered three points during the past week to run his pace-setting total to 49, two more than runner-up Cliff Simpson of Indianapolis.

Johnny Holota of Cleveland is in third place, a point back of Simpson and leads the circuit in goal-getting with 27. Bob Carse, Holota's teammate, and the loop's top playmaker with 29 assists, is fourth with 43 points.

Goal tenders "Sugar" Jim Henry of New Haven and Harvey Bennett of Hershey pace the loop in shut-outs with four apiece but Bennett possesses the best goals-against record, allowing 82 goals in 234 appearances.

Eddie Bush of the St. Louis Flyers and Lovendahl of the Rockets are tied at 85 minutes apiece for the most time spent in the penalty box.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, Jan. 7 (AP)—Little things that make a sportswriter's life interesting: . . . For a couple of days the story has been kicking around that Jim Tatum would quit as Oklahoma U. football coach to take a lucrative offer from Maryland. . . . Mousetrapped at the grid coaches convention yesterday while he was listening to Herman Hickman's explanation of how to use the elbows legally but effectively in blocking, Tatum insisted it ain't so. . . . "I'm going back to Oklahoma and look for a house," he claimed. . . . Shortly afterward Geary Eppley, Maryland athletic director, was asked the same question. After a lengthy explanation as to Maryland's problems and various possible ways of solving them, he admitted: "I'm going to talk to Tatum." . . . Now to check up on the story that Hoots Mylin, one of the top guys in the athletic business, is quitting Lafayette.

"I'm gonna stick my neck 'way out" and say Pain will be another Mickey Cochrane for Connie. He can't miss being a great star. If I'm wrong, sue me" Turner adds.

It seems, so Tom relates, that the San Francisco Seal had several players liable to the draft, Pain being one of them. Seven major league clubs dickered with Seal's manager Lefty O'Doul for Pain but Lefty said the first sucker was not yet for sale.

The New York Giants, first to make a pick at the annual draft meeting, grabbed "Lucky" Lohrke, star third baseman of the San Diego (Calif.) triple A team. Connie Mack, with second pick, grabbed Pain.

Said Turner, in counseling Mack's choice: "He's the pick of the college league. The Seals turned down \$75,000 for him. He's the best in the minors, anywhere."

ONE-MINUTE SPORTS PAGE

Most ambitious guy around the football coaches' meeting is Frank Walton, former Pitt and Redskins player, who modestly admits he is the best line coach in the world (it must be that George Marshall influence). Frank says he's applying for head coaching jobs at Cornell, Colgate, California, NYU and any other place that's open. . . . Ed McKeever's new coaching post is supposed to be announced today and it isn't any of those colleges you've heard mentioned. . . . Prof. Karl Leib of Iowa, chairman of the NCAA convention, put in a day or two before this week's sessions judging cocker spaniels at a dog show. Who says the colleges aren't putting on the dog?

gomyer Nov. 26, will never fight again, doctors at the Willis eye hospital report.

Mouzon, his vision badly damaged in the fight, undergoes a second operation today which specialists hope will give the boxer complete sight.

Doctors said Mouzon regained partial use of his injured right eye after the first operation last December 10. He was knocked out by Montgomery in the eighth round of a 15-round contest.

NEW COCHRANE SEEN IN FAIN

Philadelphia, Jan. 7 (AP)—Some men achieve greatness once in their careers and then rest on their laurels.

Not so with Tom Turner, one-time head talent scout for Connie Mack's American league Philadelphia Athletics when "Mr. Baseball" owned the Portland club of the Pacific coast league. Turner's back looking for more baseball gold in the minors and, what's more he says he's made a right good start in one Ferris Fain.

Turner, the man who found Gordon (Mickey) Cochrane for the A's, is back in town singing loud praises for his newest A's acquisition. And he has the self-satisfied look of a pitcher that has just thrown his high hard one past the opposing team's 400 hitter for a final strike-out and victory.

Getting Fain, a first baseman, Turner admits was "a smoothie deal."

"I'm gonna stick my neck 'way out" and say Pain will be another Mickey Cochrane for Connie. He can't miss being a great star. If I'm wrong, sue me" Turner adds.

It seems, so Tom relates, that the San Francisco Seal had several players liable to the draft, Pain being one of them. Seven major league clubs dickered with Seal's manager Lefty O'Doul for Pain but Lefty said the first sucker was not yet for sale.

The New York Giants, first to make a pick at the annual draft meeting, grabbed "Lucky" Lohrke, star third baseman of the San Diego (Calif.) triple A team. Connie Mack, with second pick, grabbed Pain.

Merchants Defeat All Star Five 45-38

The Gettysburg Merchants defeated the All-Stars of the county basketball league, 45-38, in a game played Monday evening on the Hotel Gettysburg annex floor as a benefit for Lester Carter, who was injured in an auto accident December 25.

The Septa Stars won a 22-19 decision from the American Legion dribblers in the preliminary game.

finished and is awaiting another
freeze.

The various churches are observ-
ing the week of prayer and the
services are conducted on the line
of thought suggested by the Evan-
gelical Alliance.

The ladies of Gettysburg gave a
grand leap year ball in Buehler's
Hall on December 31. Forty three
couples were in attendance. It was
the largest ball ever given in that
hall. Guests were present from Pitts-
burg, York, Hanover, Carlisle and
Fairfield. The hall was finely dec-
orated with smilax and bunting; 1896
was worked out in smilax and was
so arranged that at 12 o'clock the
date changed to 1897. Mr. Stover,
the Gettysburg florist, had the
decorations in charge. Refreshments
were served after the ball.

All work has been stopped on the
battlefield for the winter and the
force of guards has been reduced one
half.

The Public Schools opened on the
fourth after a recess over the holi-
days.

The winter term of Pennsylvania
College commenced on Tuesday.

The employees of the B. and H.
Division of the Western Maryland
Railroad desire to express their
thanks to the Women's Christian
Temperance Union of Gettysburg
for their kindness in furnishing
them with religious literature during
the past year, and especially, to
thank them for presenting each one
of the trainmen with the Gospel
of St. John, bound in a neat little
volume.

Masonic Banquet: St. John's Day
was celebrated by Good Samaritan
Lodge, No. 336, F. and A. M., on
Monday evening, the 28th ult., by a
reunion and banquet at their Hall
in this place. Besides a very full
attendance of the members of the
local lodge there were present visit-
ing brethren from a number of sister
lodges in this and other states.
Seventy-five Master Masons attend-
ed the meeting and the banquet.

Charles S. Meach acted as toast-
master. Toasts were responded to by
John L. Kendelhart, W. S. Shroder,
S. S. Neely, Rev. E. B. Blinn, of
Littlestown; Rev. T. C. Blinn, of
D.D., of Lodge No. 62, of Reading;
Rev. G. Stein, of Littlestown; E.
Eckert, of Patmos Lodge, No. 348, of
Hanover.

Business Men's League: A meet-
ing was held in the Court House
on Friday night to organize a
branch of the Business Men's
League. The attendance was small.

The meeting was called to order
by J. Harry Stine, who nominated
Hon. Thomas McAllister as Chair-
man. Speeches were made by Chair-
man McAllister, Capt. C. G. Miller,
and John A. Himes, of this place,
also by Isaac N. Solis and Evans R.
Dick, of Philadelphia.

An organization was effected by
electing the following officers: Presi-
dent, Charles L. Longsdorf; Vice
Presidents, Prof. J. A. Himes, J. H.
Sanders and J. T. Hartzell; Sec-
retary, Harry F. Buehler; Treasurer,
Samuel M. Bushman; Executive
Committee, H. C. Sanders, William
H. Black and J. H. Stine.

Resolutions were adopted endors-

Today's Talk

PEOPLE AND NATURE

The two most interesting topics
in all life are People and Nature.
We get nowhere if we are not in-
terested in our kind, and seek con-
stantly to learn more from each
and every individual. It's too bad
that there isn't a universal language
in the world, for then much of the
tragedy of the world could be pre-
vented, especially that which is the
aftermath of war.

Fundamentally we are all much
alike. Understanding of one another
is the great art. All misunderstanding
results in unhappiness. The
great task of life is to get along
with all kinds of people—and like
them all for what they are. The
world is closer knit than ever be-
fore, and the urge for better under-
standing of one another, all over
the globe, grows greater every day.

It's a good thing that we were
all born with individual tastes and
likes. That's what makes all people
interesting. It is amazing how little
we know about the people nearest
to us. The Canadians talk our lan-
guage, so that we know them best,
but peoples to the south of us have
remained a blank to most of us
for decades after decades. It's time
that we looked upon them as real
neighbors, and learned more about
them. North America and South
America should forever remain as
friends, with a common interest.

Nature is the open book to us
all. From her we learn of the great
Creative Mind that spread benefits
both above and below the ground,
that we all might live in com-
fort and daily enrich our minds and
our bodies from her great storehouse
of treasures. And in Nature there is
beauty everywhere. Harmony, too.
The laws of Nature are perfect. If
we supplement them with our self-
made laws, we go far and keep get-
ting closer to the Infinite Mind that
rules over us all.

Read any fictional book and there
you will note the scattered ideas and
thoughts that are concerned with
People and Nature. Every flower
has a voice, every earth formation a
historic story, and every movement
of wind or cloud, a meaning. It is
a privilege to live—if you are able
to appreciate—and love.

Tomorrow Mr. Adams will talk
on the subject: "Heroism of the
Everyday."

POTMAN CITATION

Sharon, Pa., Jan. 6 (P)—Mrs.

POLAND VOTING UNLIKELY TO BE 'UNFETTERED'

By GLENN BARR
(AP Foreign Affairs Analyst)

With Poland's national elections
little more than a fortnight off, evi-
dence accumulates that they are
highly unlikely to be the "free and
unfettered elections" envisaged by
two of the Big Three at Potsdam.
The four-party government bloc,
with its Communist core, appears to
be taking no chances on a popular
verdict that would unseat it. The
opposition declares that many forms
of intimidation and violence are
being used to reduce its chances to
a minimum.

All indications are that the voting,
set for January 19, will just be one
more in the series of elections with
which Soviet-sponsored regimes in
the Russian satellite states are being
given the appearance of having been
chosen by democratic, legal meth-
ods. Such elections have placed or
confirmed Communist-dominated
governments in power in Yugo-
slavia, Romania and Bulgaria, and
now the process is being repeated
in the largest and most important
of the satellites. The result will be
further strain on the relations of
Russia and the Atlantic powers.

As in the cases of Romania and
Bulgaria, the American and British
governments have recorded their
convictions that the Polish elections
will not be all they should be. Wash-
ington and London protests to War-
saw have wrought no change in the
Polish government's attitude, which
in effect rejects the right of the
Western powers to intervene or offer
advice. But Britain and America
base their interest on the Potsdam
accord, which stated:

"The three powers (United States,
Britain and Russia) note that the
Polish provisional government in
accordance with the decisions of the
Crimean conference (Yalta) has
agreed to the holding of free and
unfettered elections as soon as pos-
sible on the basis of universal suf-
frage and secret ballot in which all
democratic and anti-Nazi parties
shall have the right to take part
and put forward candidates, and
that representatives of the Allied
press shall enjoy full freedom to
report to the world upon develop-
ments in Poland before and during
the elections."

The latter part of that pledge ap-
parently is being fulfilled, since
foreign correspondents have been
permitted to travel about Poland
and send uncensored accounts
abroad and Polish authorities have
offered to facilitate the entry of
correspondents to cover the election.
What happens January 19 and the
preceding fortnight should be in full
view of the outside world. But the
first part of the pledge has not
fared so well. The Potsdam accord
was announced August 2, 1945. The
elections which were to come "as
soon as possible" have been deferred
more than 17 months. And oppo-
nents of the government bloc say the
voting will be anything but "free
and unfettered."

Bar Agrees About Raise For Judges

Hershey, Pa., Jan. 7 (P)—A sub-
stantial "cost of living" raise for
all state judges may be sought at
the 1947 session of the General
Assembly.

The increase was urged by the
Pennsylvania Bar Association which
pointed out at its mid-winter meet-
ing on Saturday that the last ju-
dicial salary adjustments were made
in 1929.

John McI. Smith, association sec-
retary, said the association aban-
doned a plan to seek \$25,000 a year
for common pleas judges, an amount
now being paid on similar benches
in New York state.

While no specific figure was set
by the association for the proposed
raise, the 300 judges and attorneys
attending the session seemed pretty
generally agreed that a 33 1/3 per
cent pay hike was needed by the
judiciary.

Ministers Oppose Fair Held Sunday

Pittsburgh, Jan. 7 (P)—Termin-
ing it a "violation of the laws of God,"
the Pittsburgh Union Ministerial
Association yesterday adopted a
resolution protesting the inclusion
of Sunday, August 31, among the
dates of this year's Allegheny county
fair.

County Commissioner John J.
Kane expressed surprise at the ac-
tion, saying:

"The fair's never been protested
before."

He added that racing and similar
activities were omitted on Sunday
and that religious services were held.

Striking Teachers Promised More Pay

Stowe, Pa., Jan. 7 (P)—Thirteen
striking West Pottsgrove township
school teachers agreed to re-
turn to work Monday, ending a one-
day walkout, after the school board
promised to seek additional state
funds to meet demands for pay in-
creases.

The teachers refused to enter their
classrooms Friday following board
refusal to grant a \$500 annual wage
boost.

A board offer of a \$50 increase
was accepted conditionally after
first being rejected, a spokesman for
the teachers said.

Herbert W. Stauffer, board sec-
retary, said efforts would be made to
obtain more money from the Com-
monwealth.

Bus-Auto Crash Takes Girl's Life

Easton, Pa., Jan. 7 (P)—A 19
year-old girl was killed Sun. night
and four others were injured in the
crash of an automobile and a Grey-
hound bus on state highway 611,
one mile north of nearby Ferndale.

State police identified the victim
as Grace Crouthamel of Keller's
Church, Pa. She was a passenger in
the sedan.

Injured were Ethel Stine and
Marion Beers, both of Keller's
Church (ages unknown), and Mrs.
J. Baiman, Stroudsburg, Pa., who
was a passenger in the bus.

It is believed that poliomyelitis
was first described by a London
physician in 1784.

PLAY FOR PAY QUESTION WILL GO TO SCHOOLS

By BOB BRUBB

New York, Jan. 7 (P)—The 262
member colleges of the National
Collegiate Athletic association are
going to be asked whether they are
ready to apply "sanctions" against
schools which provide, among other
things, room and board for star
athletes.

The threat of a schedule boycott
would be the means of enforcing the
basic code of amateurism in athlet-
ics, according to recommendations
drawn up by the NCAA's "conference
of conferences" here yesterday.

The group, representing virtually
every college conference and a num-
ber of so-called independent schools,
recommends a set of five principles
which it proposes to implement with
an agreement that the schools which
adhere to them will not play the
non-conformist schools.

Battle Foreseen

This hot potato will be handed
over to the regular NCAA conven-
tion tomorrow and is certain to pro-
voke a battle of words.

The principle on amateurism not
only reaffirms the standard amateur
athletic union and olympic defini-
tion of an amateur, but adds that
"any college athlete who takes pay
for participation in athletics does
not meet this definition of an am-
ateur."

Under this principle, room and
board usually supplied to scholarship
athletes is outlawed unless an ath-
lete actually works for it.

A "second" principle on "insti-
tutional control and responsibility," on
which the NCAA was founded in
1905, says that the college itself in
the final analysis shall exercise
them.

The third principle, "sound ac-
ademic standards," decrees that an
athlete must be admitted to a col-
lege in the same manner as any
other student and maintain the
same academic standards.

Under-Cover Pay Hit

Under-cover subsidies are hit in
the fourth principle, dealing with
"financial aids to athletes." This
rules out all payments to athletes
other than through regular grants
and scholarships open to all stu-
dents. An exception is made, how-
ever, for government grants and
scholarships, which may cover more
than just tuition. Pay for student
jobs may not be excessive and no
athlete is to be deprived of a schol-
arship for failure to compete in
athletics.

After considerable discussion, a
fifth principle was adopted decre-
ing that no member of an athletic
staff or official representative of
athletic interests may engage in off-
campus solicitation of students or
offer financial aid to prospective stu-
dents.

LITERAL TRANSLATION

Tokyo, (AP)—This story filtered in today from the 28th General hospital in Osaka:

The librarian announced on day before the holidays that "after lunch we'll all trim the Christmas tree."

She returned to find the Japanese assistant librarian busy at work trimming it—limb by limb with a pruning shears.

THIEVES CLOSE PLANT

Chicago (AP)—Burglars—not labor trouble—caused a work stoppage at a Chicago metal plant.

Thieves broke into the L. and E. Sheet Metal Products company on Milwaukee avenue and stole tools and clothing. The plant was forced to close until the tools can be replaced.

BOTH PARTIES LAUD TRUMAN ON MESSAGE

By JACK BELL
Washington, Jan. 7 (AP)—Democrats concluded with relief today that President Truman held a middle course in his state of the union message and thus consolidated his party's support at the outset of the Republican-controlled Congress.

Praise for the President's legislative recommendations came from both wings of the party.

It was accompanied by indications that if Mr. Truman keeps to the course he charted yesterday he may enjoy greater Democratic support than he previously has been able to muster in Congress. All agreed that such support would strengthen his position if he bids for renomination in 1948.

Satisfactory To Liberals

The party's self-styled Liberals, who obviously had feared the President was going over to what they regard as the conservative viewpoint as a result of the November election, generally said they found the message satisfactory.

Senator Pepper (D-Fla.), who classes himself with this group of former New Dealers, told a reporter he thought Mr. Truman's message was "as well balanced and fair as could be expected from anybody."

Saying he agrees in principle with the President's recommendations for laws to stop jurisdictional strikes and ban some secondary boycotts, Pepper added he doesn't want any action that would interfere with free collective bargaining.

The Florida senator, who has opposed any fundamental changes in the labor laws in the past, said he believes Mr. Truman showed "commendable restraint and fundamental understanding" of the problems in his labor recommendations.

Pleased Others

Senator Murray (D-Mont.), retiring chairman of the labor committee, found the general tone of the President's message "very satisfactory," but said he believes Mr. Truman might have gone further "by putting more emphasis on some of

ent parts of the state.

"For the months that lie ahead great activity is scheduled. Meetings between bankers, county farm agents and home economics representatives will continue in various parts of the state. Another clinic for 1947 is in the making and with the wonderful cooperation Pennsylvania State college School of Agriculture has given us, the success of this clinic is assured. A variety of pension plans will be presented shortly, by the new committee on pension plans, to the banks of the state for their consideration.

"New avenues of serving the consumer credit needs of the little fellow as well as the big are being brought to the attention of our banks during 1947 by the consumer credit committee of the PBA. Educational materials for our schools are being distributed by the committee on public education. A new committee, the committee on publicity, is being appointed. Its job will be to publicize the activities of the association through the columns of our daily newspapers and in banking and financial publications. This committee will undertake to familiarize the public not only with the functions of their own home-town banks, but with their activities.

"While the future is what we make it, one thing is certain in 1947. The people of Pennsylvania will find in their banks the facilities to serve every legitimate financial need."

But if he disappointed this group somewhat on that point, he apparently pleased those who say they hold more conservative views.

ARE THE

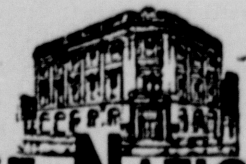

Neighbors WORTH IT?

Fred Kelly, the magazine writer, said he shivered and suffered for years taking daily cold baths, so that he could boast about it to the neighbors. Then, one day he decided that the neighbors weren't worth it and he stopped torturing himself in this manner.

Perhaps it has cost you many a shiver and worry from an unbalanced budget, trying to "keep up with the Joneses." Living within your means and building a solid bank account will bring you more happiness.
